umbrella

PROSTOR P6

The Prostor P6 is a highly functional and modular parasol with up to 38 m² coverage. The pole can support up to 4 parasols and opens in 5 seconds. Equipped with heating and LED lighting, it's suitable for hospitality and private use. Featherlight to use, the P6 can be mounted on a wall and offers everlasting sun protection.

features

Endless shade pleasure

One umbrella system can cover an area of up to 38 m², allowing you to cover sizable terraces while minimizing the loss of valuable space, all while maintaining a stylish aesthetic.

Up to 4 parasols on one pole

The Prostor P6 is a highly functional and modular parasol with up to 38 m² coverage. The P6 is suitable for hospitality and private use.

Durable alu parts

We guarantee everlasting sun pleasure thanks to the durable aluminum parts. All parts are individually replaceable.

Easy opening in 5 seconds

You don't have to be strong to operate the P6 umbrella. The patented One Move System helps you to open or close the umbrella easily in one movement. The umbrellas are featherlight to handle, thanks to the stainless steel gas spring.

Option wall-mounted for optimal space use

Our umbrellas can be easily mounted on the wall freeing up valuable space on your terrace for extra tables and seats. When closed the umbrella is nicely stored against the wall.

Opening above the table

No need to move the table while closing or opening the umbrella. The umbrella opens or closes above standard tables and chairs.

GROUND ANCHOR

FLOOR PLATE

FLOOR PLATE

STEEL BASE

STEEL BASE

2 BRACKETS

GROUND ANCHOR

Adjustable ground anchor. Recommended to align multiple sets, it gives you up to 15° tolerance to the left and right.

FLOOR PLATE

50 x 70 cm. Must be chemically anchored.

FLOOR PLATE

70 x 70 cm. Must be chemically anchored.

STEEL BASE

80 x 80 x 12 cm. With 12 tiles: 200 kg. Does not include tiles.

STEEL BASE

100 x 100 x 10 cm. With 8 tiles: 270 kg. Does not include tiles.

2 BRACKETS

The P6 pole can be mounted on the wall with 2 brackets, providing sun protection without the pole or steel base being in the way. This feature is not available for the Round (RND) version.

side pole umbrella

PROSTOR P7

The Prostor P7 is a durable and elegant parasol that rotates up to 300°. It features a simple One Move system for easy opening and closing with minimal effort. Ideal for private use, it can also be mounted on a wall.

features

Shade each time of the day

With the ability to rotate 300°, the P7 is designed to offer shade coverage throughout the day. Additionally, the small axle feature secures the umbrella in place, preventing any spinning caused by wind.

Up to 15 m² of shade pleasure

The P7 model, whether in round or square shape, provides a shade coverage of up to 15 m², ensuring maximum pleasure and comfort.

Durable alu parts

We guarantee everlasting sun pleasure thanks to the durable aluminum parts. All parts are individually replaceable.

Easy opening in 5 seconds

You don't have to be strong to operate the P7 umbrella. The patented One Move System helps you to open or close the umbrella easily in one movement. The umbrellas are featherlight to handle, thanks to the stainless steel gas spring.

Option wall-mounted for optimal space use

The P7 pole can also be fitted to the wall with two 'rotating' brackets. By following the sun you can choose where you want shade easily, whatever time of the day. The P7 wall umbrella is designed to turn optimally when mounted on a corner. A small axle locks the umbrella into place and prevents it from spinning with the wind.

Opening above the table

No need to move the table while closing or opening the umbrella. The umbrella opens or closes above standard tables and chairs.

PROSTOR P3-P4

The Prostor P3 and P4 are wall-mounted parasols that are perfect for those with limited space who want to make the most of their terrace or garden. Both models feature horizontal pivoting and an extendable arm for maximum sun protection, and are designed with ease-of-use in mind.

features

Wall-mounted for optimal space use

Our wall-mounted P3-P4 umbrellas are the perfect solution for those who want to save space on their terrace. By eliminating the need for a parasol base, you can fully enjoy your outdoor area without any obstructions.

Can swing horizontally

Our umbrellas pivot horizontally, providing even more flexibility and coverage options.

Telescopic arm, extendable up to 1,8m

Use the adjustable arm of the umbrella to position it optimally and protect yourself from the sun all day long.

Can be tilted

The parasol has the ability to tilt up to 10 degrees, allowing for protection against the glare of the low sun.
